

LABOR LYCEUM

SATURDAY, MAY 13, 10am to NOON
NYSUT HALL, 30 NORTH UNION STREET

THE CONTINUING QUEST FOR HEALTH REFORM

Where are we today on reforming health care and what are we to do? Even after surviving Congressional assault, the Affordable Care Act is being undermined by the Trump Administration and alternatives such as single payer ("Medicare for All") seem remote. Should we fight to save and improve what is good in the ACA? Should we work to replace the ACA with single payer or other alternatives? How do citizens organize to resist assaults on the provision of health care and how can they advance this basic human right?

PRESENTERS

TED BROWN, Professor of History and Public Health Sciences, U of R;
Executive Committee, Finger Lakes Physicians for a National Health
Program

BRUCE POPPER, Vice-President, 1199 SEIU United Healthcare
Workers East
