JANUS V. AFSCME: LABOR AT A CROSSROADS

AFSCME member Janus has asked the U.S. Supreme Court to rule that having to pay union dues violates his rights. If he wins, unions will have to represent both workers who pay dues and those who don't. The Court is expected to rule soon in his favor. How will this ruling affect unions and what are unions doing to resist? Come and learn!

Representation without taxation is tyranny!
